CABLEGRAM OF COTTON

Tells of the Trouble That Happened on Last Sunday.

BLOODSHED IS FACT.

Six Greek Christians, Two Mohammedans and One Turkish Soldier Lose Their Lives and a Number Wounded.

Washington, Sept. 9.—The navy department has received following cablegram from Rear Admiral Cotton, dated Beirut, Sept. 7:

"Violence and bloodshed between Mohammedan and national Christians occurred at Beirut Sunday. Six Greek Christians, two Mohammedans and one Turkish soldier were killed. Three Greek Christians, three Mohammedans and three Turk soldiers were wounded seriously. Other murders reported. Flag lieutenant and United States consul were present Sunday and Monday in the disturbed quarter and verify details of statement. Turkish government willingly afforded facility for their investigation and guard; promise 1000 more Turkish soldiers.

"Turkish soldiers present sufficient if properly disposed of to handle situation at Beirut. Well patrolled and all quiet Sunday night and Monday. Turkish governor promises to do all in his power to restore quiet. Many houses closed and business suspended. I have prepared to land force for protection of property of American citizens if situation demands. Will act with caution. Present trouble due to animosity between inimicable and native Christians and failure to control crimes."

The last portion of Admiral Cotton's cable is unintelligible, the cipher experts at the navy department worked all Tuesday morning to translate it. Copies of the report were sent at once to the president and to the state department.

MANY HIDING.

Women, Children and Old Men Seek Places of Refuge.

Sofia, Bulgaria, Sept. 9.—The Macedonian interior organization estimates that 150,000 women, children and old men are hiding in the mountains and forests of Macedonia. The Turks are burning the forests in the districts of Leren and Kestur, and killing fugitives who attempt to escape to the plains. The Vlach village of Gopesh, three hours distant from Monastir, has been burned by the Turks, who are reported to have thrown several of the inhabitants into the fire. The Bashi Bazouks have destroyed the village of Stoflovo near Malketernivo. Thirteen thousand Turkish soldiers are assembled on the frontier at Palanka, Kratovo, and Gotschani and are plundering the surrounding villages. The people have not complained, fearing that they may be murdered. In the district of Debritsi, vilayet of Monastir, the soldiers are reported to be naked and starving and to be robbing all around. The general staff of the insurgents has issued a circular ordering the bands not to molest the peaceful Turkish and Albanian villages. The order concludes:

"There will always be plenty of time to take such measures."

Famine prevails in the district of Krushevo, and the population is going into the adjacent districts.

All reports from the vilayet of Monastir agree in describing the situation as appalling. The refugees in the mountains and forests are dying of starvation by the thousands. At present it is impossible to obtain precise figures. The revolutionary headquarters estimate that 30,000 Bulgarian men, women and children have been killed, while at least the same number of refugees are slowly perishing of hunger. In official circles these figures are regarded as an under estimate and officials incline to the belief that the number of the massacres exceeds 50,000. The Turks are apparently determined to exterminate the entire Bulgarian population of the vilayet. The actual details of the happenings outside the town are not available. The foreign representatives at Monastir are depended on information furnished to them from Turkish official sources.

Result of Revolt.

London, Sept. 9.—Official and diplomatic circles here regard the conflict between Mussulmans and Christians at Beirut as evidence of the development of hostile feeling throughout Turkey as a result of the Macedonian revolt. This is borne out by the threatened uprising in Smyrna.

CONSULAR ACCOUNTS.

They Differ From Those Sent Out by Turkish Authorities.

MUSSULMANS FIRST.

They Precipitated the Trouble by an Attack Upon the Christians, the Troops of the Porte Siding With the Aggressors.

Constantinople, Sept. 9.—Consular accounts received here from Beirut totally differ from the Turkish government's version of the recent outbreak there. The vali of Beirut was not on board the United States flagship Brooklyn when the first brawl occurred, but was in the country. Contrary to the official version, consular dispatches say Mussulmans first attacked the Christians, and the troops who intervened sided with the Mussulmans. One of the pillaged houses belonged to a French citizen. Though there has been no further disturbance at Beirut since Sunday, great uneasiness, amounting almost to a panic, prevails among the Christians, many of whom have left Beirut and sought refuge at Lebanon.

Foreign consuls at Beirut met on Monday and decided to make serious representations to the local authorities looking to the preservation of order. They also decided to telegraph their respective ambassadors or ministers at Constantinople demanding the recall of the vali of Beirut and requesting that warships be sent for the protection of Europeans.

Nazim Pasha, vali of Syria, was ordered from Damascus to Beirut, where he arrived Tuesday.

The porte announces that Nazim Pasha was sent to Beirut with two battalions of troops to take temporary charge of affairs there. The vali of Beirut, it is also announced, has not been deprived of authority, but he will "probably remain inactive at his post" during the stay of Nazim Pasha at Beirut.

White rioting was in progress at Beirut, the advices further state, an appeal was made to Rear Admiral Cotton to land marines, but he replied that he could not intervene in a quarrel among Ottoman subjects.

It is considered as probable that France will send warships to Beirut, and her example is likely to be followed by other powers.

Several diplomats here drew serious attention of the porte on Monday to the situation at Beirut, demanding that measures be taken to prevent a further outbreak, and insisting on the recall of the vali who was in office when the outbreak occurred.

No further consular dispatches have recently been received from the vilayets of European Turkey.

It is believed here the rigorous repression exercised by the Turks in the vilayet of Monastir will result in uniting all Christians against the authorities.

The porte intends to concentrate from 50,000 to 70,000 troops at Adrianople. It is said that 2000 insurgents have been surrounded at Kirk Killese, thirty-two miles from Adrianople, and official circles here momentarily expect news of their surrender or annihilation. Notwithstanding the large number of troops concentrated at Adrianople, the regiment of Pamineh cavalry to which the sultan presented colors Sept. 4 will leave here for Adrianople. It is alleged that the dispatch of these troops can only have one meaning, namely, massacres, in which the Kurds are destined to play the same part as the Circassians did before the Russo-Turkish war.

Sixty battalions of Redifs on a war footing are waiting at different mobilization centers in Anatolia ready to start at a moment's notice.

The only news from the interior Wednesday is of a severe engagement with a strong insurgent band which occupied a position near Lake Anatievo in the vilayet of Constantinople. The fight lasted until nightfall.

Bulgarians who were arrested here on the eve of the anniversary of the sultan's accession have been released.

GROWING GRAVITY.

Christians Attacked and One French Shop Completely Destroyed.

Paris, Sept. 9.—Official reports from Beirut show a growing gravity of the situation there. Another Christian was killed Tuesday. Turkish soldiers are making common cause with Mussulmans during the attacks on Christians. A number of houses have been pillaged. One French shop was completely destroyed and French residents are becoming terrified at these depredations and have abandoned their homes and sought refuge at a French college, where between 400 and 500 refugees are now gathered. The American naval commander, it is asserted in the dispatches received here, proposed to land marines at Beirut, but foreign consuls believed it inadvisable, as it might add to increase of excitement prevailing and precipitate a crisis. The vali of Beirut proved himself to be too weak and incompetent to deal with the situation. Nazim Pasha, who has already arrived, is displaying great energy. Consuls express the hope that

FOR A COLORED FAIR.

Negroes Will Organize to Hold One in November.

For some time a number of negroes of the town and county have been discussing plans for organizing an association and pulling off a fair here in November. They will hold a meeting at the court house Saturday afternoon to effect organization and mature their plans. They desire to use the grounds of the Central Texas fair association for the purpose, and a committee from the board of directors of the Central Texas fair association will attend the meeting Saturday afternoon with a view to arranging terms for the use of the grounds. The proposed fair will be conducted in the usual way with exhibits and amusements and will no doubt draw very large crowds of colored people from Brazos and surrounding counties. Among the negroes interested in the movement are L. A. Nash, Surrey Smith, Frank Wallace, P. Laundry, Sam Gaines, Ed Tally, R. B. Goosby and others.

IS IMPORTANT.

Wright's Decision Relative to Right of Discharge by Mine Owners.

Wilkesbarre, Pa., Sept. 9.—Coal operators of the Wyoming region look upon the decision of Umpire Wright giving them the right to discharge employees as a very important one. Officials of the United Mine Workers' union claim that the privilege given employers is apt to be abused by the mine foremen, who, acting upon instructions from headquarters, can make it very unpleasant for men who were active in the last strike. The superintendent of one of the large coal companies says the decision is far-reaching and will either bring permanent peace in the anthracite region or open war upon the part of union miners. He points out that 90 per cent of the strikes that have taken place since the strike commission made its award were caused by the discharge of some employee for cause. In order to have him reinstated all employees of the mine would strike.

ATTACK ON MILITIA.

Soldier Fired at a Figure and Was Felled by a Rock.

Victor, Colo., Sept. 9.—An attack upon a militiaman acting as guard at Taylor and Brunton Samplers aroused the officers commanding the troops, and within a few minutes every available man in the camp was patrolling the valley. Shortly after the guard had been placed at Sampler he noticed a man prowling about the building. He ordered the man to halt, but was not obeyed. The guard fired at the figure and started in pursuit. As the soldier passed the building he was felled by a rock. The shooting aroused other sentinels, who arrived just as two men disappeared over the range of Bull Hill. A volley was fired at them, but they escaped beyond range of the muskets. The mine owners notified officers of the militia of a number of threats being made against both the property and the guards and at a number of places the guards have been doubled. The finding of the dead body of a man with a bullet through the heart about a mile from the station at Clyde created no small amount of excitement. Clyde is a small station on the very outskirts of the district.

BODY OF BABY.

Name of Senator Jones of Arkansas Used in Connection With It.

Chicago, Sept. 9.—A dispatch to the Herald from San Francisco says:

The body of a day-old infant has been found at North Beach with a cord about its neck, showing it had been strangled. The body was wrapped in a copy of the Buffalo Evening Times, on which was a yellow label reading: "Son of J. K. Jones, Washington, Ark., Evening Bulletin." This was wrapped in a copy of a San Francisco newspaper. The police are trying to find who has arrived recently from Arkansas and what connection the former chairman of the Democratic national committee has with the case.

WATCHES TURKEY.

President Roosevelt Is Following Ottoman Events Closely.

Oyster Bay, Sept. 9.—President Roosevelt is watching developments of the situation in Turkey carefully, but without serious apprehension. Reports made by Minister Leischman at Constantinople are not disquieting in tone. On the contrary, the minister is inclined to take an optimistic view of the situation so far as this country is concerned. The anti-Christian outbreak is serious, but it is not regarded as likely that through it American interests or American citizens will suffer.

Rear Admiral Cotton, at Beirut, in whom the administration has great confidence, is clothed with ample authority to afford such protection to Americans and American interests as he may deem necessary. This fact, coupled with the assurance of the porte, that United States property and people are quite safe, has tended to relieve the minds of President Roosevelt and Secretary Hay from apprehension of serious consequences. Vigilance of the United States authorities will not be relaxed, however, and every precaution will be taken to insure safety and protection of American interests.

Situation Improving.

Washington, Sept. 9.—The navy department has received a cablegram from Rear Admiral Cotton dated Beirut Tuesday saying there was no serious disturbance in Beirut Monday night. The situation there is improving and public feeling is growing quieter.

Appointee of Pierce.

St. Paul, Minn., Sept. 9.—Judge Charles E. Flandrau, a prominent pioneer citizen of Minnesota, has died. President Pierce appointed him agent for the Sioux Indians of Mississippi, and in that capacity he gave relief to hundreds of refugees fleeing from the Indians' tomahawks. He was a member of the first constitutional convention, and later became justice of the supreme court.

FORMALLY ORGANIZED

Mississippi Valley Cotton Buyers' Association Established.

NAMES OF OFFICERS.

This Is One of Four Bodies of the Kind That Have Lately Come Into Existence in Some Southern States.

Memphis, Sept. 9.—The Mississippi Valley Cotton Buyers' association was formally organized at a meeting held here Tuesday. The following officers were elected: John V. Williams, Meridian, Miss., president; C. C. Sarrell, Meridian, Miss., first vice president; John J. McDonald, Aberdeen, Miss., second vice president; J. E. James, Vicksburg, Miss., secretary and treasurer. The board of directors is as follows: W. H. Kline, Yazoo City; Joe Newburger, Grenada; J. A. Evans, Memphis, and John Parke, Tupelo.

A committee was appointed by the board of directors on rules and regulations and membership, after which the meeting adjourned subject to call. The Mississippi Valley association is one of the four now organized in the south and west, through which it is proposed to found a National Cotton Buyers' Protective association.

The Arkansas buyers, of whom there are over 200 who are interested in the movement, refused to be included in the Mississippi Valley association and for this reason they will be organized separately.

Over fifty applications for membership from cotton buyers of the Delta country have so far been received. From Memphis cotton men the applications for membership are at present limited to three or four.

The association will have its headquarters in this city.

SOPER'S STATEMENT.

He Replies to the Charges That Were Made Against Him.

Washington, Sept. 9.—The department of justice has received from Pliny Soper, United States attorney for the Northern district of the Indian Territory, an answer to the allegations which have been made against him to the effect that he has been engaged in leasing and re-leasing Indian lands, etc.

Mr. Soper admits that he is connected with the company, the Tribal Department company of Tishomingo, but says that it is not in his district, being in the Southern district of the Territory. He denies that the company has done or is doing anything that is unlawful or in any way reprehensible. The department has ordered still another special agent into the Territory and will investigate Mr. Soper's statements. It also will make an investigation of each of the federal officers in the four districts of the Territory against whom any derogatory statements have been made.

Have Been Arrested.

Washington, Sept. 9.—Secretary Hitchcock has received a telegram from United States Attorney Speed of Oklahoma, announcing that two of the commissioners of Kiowa county, W. B. Pool and J. B. Blair, who were indicted last week for alleged making of false vouchers and certificates against the government in connection with the erection of bridges, have been arrested.

Drowned While Swimming.

Coalgate, I. T., Sept. 9.—A young man was drowned while swimming in a strip pit east of the city. It is supposed that he took cramps and drowned before assistance could reach him.

Dropped Dead.

Chickasha, I. T., Sept. 9.—Mrs. Elizabeth S. Owens, living ten miles east of here, dropped dead of apoplexy. She was the mother of Mrs. J. B. Sparks, one of Chickasha's prominent club women.

STERN AT TORONTO.

Was Indicted in Connection With Letter Carrier Satchels.

Washington, Sept. 9.—A dispatch to the postoffice announces that Leopold I. Stern, who was indicted several weeks ago for complicity in alleged fraudulent contracts for furnishing letter carrier satchels to the government, has been located at Toronto, Ont.

Ready to Appear.

Toronto, Ont., Sept. 9.—Mr. Stern declined to be seen when a reporter called at his home. He referred all callers to his attorney. Mr. Stern's lawyer said his client was ready to appear before an extradition judge and prove his innocence, which is interpreted as a declaration that extradition proceedings will be fought to an end. He will not leave the city, his attorney said, and if an extradition warrant is not secured, Mr. Stern will leave for Washington, his attorney said.

BOLD ATTEMPT.

Effort Was Made to Hold Up the Bitter Root Express.

Stevensville, Mont., Sept. 9.—A bold attempt to hold up the Bitter Root express just east of here was frustrated by the vigilance of the crew.

A pile of ties had been placed on the tracks. The engineer slowed up and backed away as soon as he could.

Three men, concealed in the bushes, jumped out and ran after the train, but soon fell behind.

The crew secured arms and returned and threw the ties to one side, after which the express went through unmolested.

No Names Given.

Washington, Sept. 9.—Federal grand jury here returned seven indictments in postal case. No names given.

TOTALLY CONSUMED.

Wharf at Port Arthur Was Licked Up by Flames Starting Sunday.

Port Arthur, Tex., Sept. 9.—At 11:30 p. m., Sept. 7, the whaleback steamship City of Everett, then laying at the Texas oil wharf taking on cargo of crude petroleum, took fire from some defect in an electric light in use by the second mate, Mr. Stauffer. Mr. Stauffer was painfully burned, but is now resting easily. Two explosions really occurred and the vessel was quickly covered with flames. Most of the crew escaped by running aft then going overboard.

As the fire was then well forward on the ship's quarters the vessel was well moored to the wharf, which was totally consumed.

Steamer Burns Up.

Beaumont, Tex., Sept. 9.—The steamship City of Everett is a total loss. She was valued at \$280,000.

BOUND WITH TWINE.

Hands and Feet of a Woman at Galveston Securely Tied.

Galveston, Sept. 9.—When Joe Heede, a railroad employe, went home on Avenue I, between Forty-Fifth and Forty-Sixth streets Monday afternoon about 7 o'clock, he found his wife in the basement of the house with her hands and feet securely bound with stinging twine. She was almost unconscious.

All Mrs. Heede remembers is that she felt a cloth thrown over her face Monday morning about 9:30 o'clock as she started to enter the basement. Very few people were in the neighborhood, which is in the western end of the city, on account of the Labor day celebration.

OIL WELLS.

Two Companies Having Good Results at Sour Lake.

Sour Lake, Tex., Sept. 9.—The National Oil and Pine Line company well No. 2 on the Cannon tract has been re-bailed and now flows 4000 barrels a day.

The Denton well on the Cannon tract, after having had the compressed air injected into it, is said to be doing 20,000 barrels of oil. Four pumps are required to take the oil, then some remains. One hundred and fifty carloads of oil were sent out over the Texas and New Orleans, and 20,000 barrels were taken out by the Guffey pipe lines.

Four Arrests Made.

Sour Lake, Tex., Sept. 9.—Four men were arrested for stealing freight from the cars in the local yards and two of them were bound over to the county court in the sum of \$350 each, and the other two were given walking papers with a twenty-four-hour limit in which to disappear.

Found Unconscious.

Wills Point, Tex., Sept. 9.—An unknown man was found near the railroad track here. He was unconscious, with his head badly bruised. It is supposed that he fell from an eastbound passenger train.

All Failed but One.

Brackett, Tex., Sept. 9.—In the state teachers' examination, held in Kinney county Friday and Saturday, the arithmetic examination was an unusually rigid one, and all applications failed in that branch, except one, and he was a university graduate.

WRIGHT'S OPINION.

It Covers Twenty-Five Pages of Type-written Matter.

Scranton, Pa., Sept. 9.—Hon. Carroll D. Wright, the umpire to whom was referred the five disputes between the operators and miners' representatives on the board of conciliation appointed under the provisions of the anthracite mine strike commission filed his findings with D. Nichols, secretary of the board.

Dealing with the question of the employer's right to discharge men for any cause other than of connection with a labor union Umpire Wright agrees wholly with the contention of the operators' representatives and declares that the right of an employer to dis-

CARROLL D. WRIGHT.

charge without giving the cause for the discharge is sustained by the award of the commission. As to the rock men's dispute the umpire says they don't come under the award. The complaint of Thos. Tanner is not sustained in regard to the allegations of the discrimination on the part of the Lehigh Coal and Navigation company and Cox Brothers and company. He says that these companies should take back all old men instead of putting on new men, in all cases where the old men are competent and have not been convicted or not awaiting trial for crime during the strike. The umpire's findings covers twenty-five pages of type-writing.

Charged With Insulting Kaiser.

Halle, Prussia, Sept. 8.—Three men and two women have been arrested here charged with insulting Emperor William. Precise nature of the offense is not disclosed.
